Ref: G.O.Ms.No.1329 Health dated 11.4.55.
2. Ref. No.15033/5-M5/55 dated 15.4.55 of the Director of Public Health, Madras.

I invite attention to the references cited. The Port Officer Mangalore has received 293 drum of 8 maunds each or skim milk powder for being sent to the islands. This consignment is intended for both Malabar and South Kanara groups or islands. But the Port Officer says that the stock intended for Malabar group cannot be sent now as all the boats bound to Malabar group of islands have already left Mangalore Port and none is expected to go before the end of the monsoon. There are however two boats available sailing to Amindivis. I have therefore asked the Port Officer to send the entire stock of 293 drums of skim milk to Amindivis as nothing else can be done now. My action may be approved.

Yours faithfully,

I invite attention to my letter cited. The Port Officer, Mangalore says that he was able to despatch only 96 barrels of skim milk to the islands in two boats and that the balance of 197 drums of milk powder are now stored in one of the Coir Godown in the Marine Yard, Mangalore These 197 drums can be despatched to the island only after the ensuing monsoons. It is, therefore, necessary that these drums of milk powder should be stored properly till next September, The Port Officer says that some of the barrels are already slightly damaged. I, therefore, request that the Director of Public Health, Madras may be asked to instruct the District Health Officer, South Kanara to inspect the stock of skim milk powder stored in the Godown in the Marine Yard and advise the Port Officer regards its stora-ge etc.

Yours faithfully,

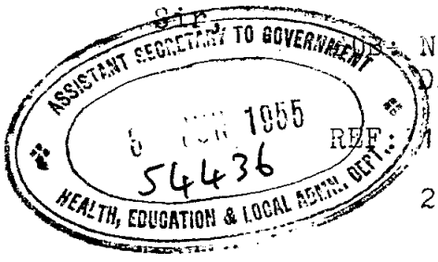
R.No.35918-1-H5/55 dated 1-6-55



Sir,

Subject: NUTRITION - UNICEF skim milk powder Distribution in Laccadive Islands.

Ref: 1. Letter No.B.2. dated 9-5-55 from the Collector, South Kanara.
2. Government Memo.No.46910/H3/55-1 dated 19-5-55.

The stock of 65,750 lbs. (32.8 tons) UNICEF gift skim milk powder contained in the 293 drums referred to in the letter cited from the Collector of South Kanara, comprise the allotment for four months, for distribution in the nine Islands mentioned below, as follows, according to the plan of distribution suggested in this office letter R.No.15033-2-H5-55 dated 29-3-55.

Name of the Islands.		Allotment of Milk powder in tons.
1. Kalpeni	...	4.0
2. Agathi	...	4.0
3. Androth	...	6.8
4. Kavarathy	...	5.0
5. Amini	...	6.0
6. Kadamath	...	3.0
7. Kiltan	...	2.0
8. Chetlat 9. Bitra	...	2.0
		32.8 tons

It is suggested that the milk powder stock sent to Amindivis may be distributed as above, when seasonal conditions favour transportation of the milk powder from Amindivis to the other Islands.

Yours faithfully,

C. V. Rajagopalan

My Ref.B2.12892.55 dt.9.5.55 and 19.5.55.

I invite attention to my references cited. The Port officer, Mangalore has now reported that the boat dhow in which 48 drums of skim milk powder were despatched to the Island has since returned to the Mangalore Port as it could not proceed to the islands on account of adverse weather. The boat dhow cannot sail back to the islands till the monsoon is over. The milk powder drums have therefore been unloaded from the dhow and have been stored in the Government godown in the Marine yard along with the drums already there. Some of the drums are stated to have slightly damaged with soaking of the outer card board packing with water. I have asked the Port officer to take necessary action to prevent further damage and deterioration of the contents of the drums. I request that the Director of Public Health may be kindly asked to instruct the District Health Officer, South Kanara to inspect the 245 skim milk powder drums stored in the godown and advise the Port officer regarding its storage etc.

Yours faithfully,
